

"OUT OF EDEN" REMIX CONTEST

OFFICIAL PARTICIPANT PACK & GUIDELINES

OFFICIAL INFO

RULES & GUIDELINES

Welcome to the official Labelradar "Out Of Eden" Remix Contest. This is your exclusive opportunity to get your hands on the stems of our upcoming, unreleased Techno track and completely reimagine it into a powerful, festival-ready Trance anthem.

We are looking for creativity, energy, and pristine production quality. Whether your style is Uplifting, Progressive, Tech-Trance, or Psy-Trance, your main objective is to smoothly bridge the gap from the original Techno roots into the Trance realm. Melodic hooks, driving basslines, and hypnotic energy will be highly valued by our A&R team.

THE PRIZES

 **1st Place:** Official release of your remix on the "Out Of Eden" EP + a Novation Launchkey Mini MIDI controller shipped directly to your address.

 **2nd Place:** Official release of your remix on the official "Out Of Eden" EP alongside the original mix.

CONTEST RULES & TECHNICAL SPECIFICATIONS

- **Required Genre:** Trance (all subgenres are welcome). Since the original track is Techno, a clear genre-flip is the core criteria for judging.
